F&S Elektronik Systeme GmbH  
[www.fs-net.de](http://www.fs-net.de)  
Phone: +49 (0)711 123722-0  
Fax: +49 (0)711 123772-99

## **Affected Product:**

PicoCOM1

## **Symptoms:**

Samsung K9F1208U0C-PIB0 Flash is EOL.

## **Product Change:**

We are changing to Micron NAND512W3A2SN6 Flash (Manufacturer ID Samsung ECh, Micron 20h). All timings are similar or better. The changed manufacturer ID is supported by all F&S software since 2010.

Custom and 3<sup>rd</sup> party software (e.g. Linux from emlix) should be checked and tested to support this new flash.

We recommend a write and read test on all custom software parts.

New orders are using this flash.

We will mark our order confirmation with "PCN: new Flash Type".

Stuttgart, 16.10.2013
