

The F&S Elektronik Systeme GmbH is a manufacturer of electronic (computer) modules, intended for the integration into our customers' devices.

In accordance with Article 7 of **Regulation (EC) No. 1907/2006** concerning the Registration, Evaluation, Authorization and Restriction of Chemicals (REACH), F&S is not obliged to register substances with the European Chemicals Agency (ECHA) and does not provide safety data sheets.

The products and packaging materials supplied by F&S do not release harmful substances under normal and reasonable use. However, F&S is aware that they are or may be subject to the obligations arising from Article 33, 56 and 67 of the REACH Regulation. F&S takes commercially reasonable steps to fulfil its obligations in this regard. In our own interest and to ensure the best possible safety for our customers, we also intensively monitor and promote the implementation of the REACH Regulation on the part of our suppliers as a pre-requisite for our supplier qualification. Please understand that F&S does not carry out any material tests or chemical analyses.

As a result of our investigations and according to our current knowledge, our products do not contain Substances of Very High Concern (SVHC) in a concentration > 0.1 % weight by weight (w/w) and are compliant with Annex XIV and XVII of the REACH Regulation.

The ECHA website provides the latest versions of the

- [Candidate List of SVHC](#)
- [Annex XIV \(Authorisation List\)](#)
- [Annex XVII \(Substances restricted under REACH\)](#)
